This tariff change does not affect the BUS Water or Sewer rates which are set by the North Slope Borough. This proposed adjustment would affect approximately the following number of accounts:

<i>Utility Division</i>	<i>Residential Accts</i>	<i>Commercial Accts.</i>	<i>Co-op-use Accts.</i>
<i>Electric</i>	1530	402	105
<i>Natural Gas</i>	1200	203	21
<i>Potable Water</i>	0	6	1
<i>Nonpotable Water</i>	0	1	1

**Electric:** The adjustment in dollars and percentage is listed in the attached tariff adjustment notice by rate class. The average residential member will experience an increase of \$8.33 per month or 6% in their monthly bill, which includes access charge and usage rate adjustments - less than a penny per kWh. **Natural Gas:** The adjustment in dollars and percentage is listed in the attached tariff adjustment notice by rate class. The average residential member will experience an increase of \$8.90 per month or 12% in their monthly bill, which includes usage rate adjustment only 6 cents per CCF. This represents an increase in overall nonpotable water revenue to the Cooperative of 12%.
