Position: BUS PLANT OPERATOR

Accepting Applications: 9/9/2019 until 9/27/2019 at 5 pm.

Descriptions: Start date would be soon as possible. Job is full-time permanent and not on a rotations schedule. Reports to the Chief of Operations.

Responsibilities: Responsible for operations in the BUS Plant, Utilidor, pump stations, direct bury system, pumps, motors, control systems and valves associated with water distribution, wastewater collection, fire protection equipment and meter reading.

Knowledge & Skills Required:

- Must be at least 18 years of age
- Willing to work hard in the extreme cold
- Good work ethics and attendance
- Strong attention to detail
- Ability to push, lift or carry weights of 100 pounds or more, climb ladders and stairs, hear within normal range, and vision within normal range (hearing aids and corrective lenses are permitted).

Qualifications:

- High school diploma or equivalent
- Any training in water distribution and wastewater collection would be helpful
- Must have and maintain an Alaska Drivers License
- Must have or obtain a CDL in thirty (30) days from date hire
- Ability to pass drug screening and alcohol test

To apply: Complete an Employment Application and deliver it to the Central Office, Billing Department. Applications are available online at bueci.org and in the Central Office, Billing Department at 1295 Agvik Street, Barrow, Alaska.
